

## Summary of Fee, Plan Review, and Registration Requirement for Storage Tanks

There are four set of rules and two public acts that govern fees, plan reviews and registration of aboveground storage tanks (ASTs) or underground storage tanks (USTs):

- Michigan Fire Prevention Code;
- Storage and Handling of Flammable and Combustible Liquids (FL/CL) Rules;
- Underground Storage Tank Regulations;
- Michigan Underground Storage Tank rules (MUSTR);
- Storage and Handling of Liquefied Petroleum Gases (LPG) Rules;
- Compressed Natural Gas (CNG) Vehicular Fuel Systems Rules;
- Storage and Handling of Gaseous and Liquefied Hydrogen

The table below outlines those tanks that must pay fees, be plan reviewed, registered, or are exempt from these requirements.
